

MOROĞLU ARSEVEN

Ayşegül Dağhan specializes in privacy and data protection, banking and finance, artificial intelligence, and IT law. She has extensive experience in compliance projects, data transfer agreements, and structuring the legal frameworks for data processing activities.

Ayşegül provides legal consultancy to clients operating particularly in the fields of data protection, information technologies, and e-commerce. Additionally, she supports contract drafting and compliance processes in the payment services and telecommunications sectors.

Ayşegül enhances her expertise by participating in various seminars and training programs at both national and international levels in the fields of financial technologies and data protection. She closely follows advancements in these areas to further develop her professional skills.
