

MOROĞLU ARSEVEN

İpek Aşkın Karlı provides legal support to prominent international companies operating primarily in the fashion, automotive, and pharmaceutical sectors throughout the entire process of disputes, from their inception to resolution. With her extensive experience, she has supported numerous high-profile brands.

İpek Aşkın Karlı represents many renowned brands in intellectual property disputes involving foreign clients, including cases related to combating counterfeiting. Her work involves conducting legal proceedings aimed at eliminating counterfeit products from the Turkish market, including search and seizure operations, the confiscation of counterfeit goods, and managing criminal proceedings in Turkey. Additionally, she assists with monitoring customs procedures and ensures the prevention of intellectual property rights violations during the customs clearance process. She also represents various intellectual property rights holders in training programs, seminars, and conferences.

Furthermore, she provides effective support to clients in conducting settlement negotiations and resolving disputes through pre-litigation discussions.
