

Ministry of Trade Communiqués Issued Between 1 September and 30 September 2021

30 Sep 2021

Dumping Measures for Malaysian and Jordan Coagulated Artificial Leather Have Been Taken

Based upon investigative findings of the Board for Evaluation of Unfair Competition in Imports, measures implemented to counter dumping of "Only non-woven fabrics with a weight of 150 g per m², covered with polyurethane, coated or laminated, made of artificial and synthetic fibers suitable for textiles" and "Only imitations of leather with a backing made of textile materials, with a weight per m² exceeding 150 g" from Malaysia and Jordan, under tariff code 5603.12 and 3921.13, will continue as follows:

Tariff Code	Description of Goods	Country Antidumping	
		of Origin	Measure (USD/Kg)

5603.14 Only non-woven fabrics with a weight of 150 g per m², covered with polyurethane, coated, or laminated, made of artificial and synthetic fiber suitable for textiles

Malaysia
1.9 USD/Kg
Jordan

3921.13 Only imitations of leather with a backing made of textile materials, with a weight per m² exceeding 150g
