

## Moro?lu Arseven Invests in Future with Move to New Office

*16 Dec 2016*

Moro?lu Arseven is pleased to announce the relocation of its office to the vibrant Abdi ?pekçi Avenue, located in the district of Ni?anta??. The move represents the final phase of an office relocation project carried out since February 2016, upon moving out of its long term home at the Odakule Building. Ni?anta?? has always seen development since the 1850s when it was first built up. The area has long been recognized as a perfect symbol of transformation of modern life in Istanbul.

Endorsing the firm's continued growth in business and investment in its professionals, the relocation allowed for more than doubling of the firm's office space, to over 2,000m2. Stretching over six floors, the new premises were designed by ERA Mimarlık's Ali H?z?ro?lu and built by [O?uz Bayaz?t Mimarlık](#) in a modern and spacious approach, including semi-open-plan working spaces, as well as a range of multifunctional and large meeting areas.

The new offices are a true reflection of the firm's partners' confidence in continuing growth, as well as commitment to providing an enjoyable, efficient and energising work environment for its members and clients. The firm's partners invite you to come visit the new offices.

As a result of the move, the firm's address has changed to: Abdi ?pekçi Caddesi 19-1, Ni?anta?? 34367, ?stanbul, Turkey. No other changes will occur in any other firm contact details, nor the contact details of the firm's members.

For assistance locating Moro?lu Arseven's new offices, or for any other details regarding the relocation, please reach out to us at [info@morogluarseven.com](mailto:info@morogluarseven.com) or call [212-377-4700](tel:212-377-4700).
