

Turkey Establishes Board to Reduce Import Dependency and Extend Competitive Industrial Power

3 Apr 2018

Turkey has established an Executive Board on Localization ("**Board**") to carry out projects which reduce import dependency and extend the country's competitive industrial power. The Board's aim is to develop Turkey's domestic industry, integrated with international markets, as well as to increase the share of medium-high and high-tech products in industry and exports.

The Deputy Prime Minister in charge of the economy will lead the Board. Permanent Board members will be:

- Science, Industry and Technology Minister.
- Economy Minister.
- Customs and Commerce Minister.
- Development and Finance Minister.

Circular number 2018/1 was published in Official Gazette number 30311 on 24 January 2018. Please see this [link](#) for the full text (only available in Turkish).
