

## Turkish Patent and Trademark Office Reduces Official Fees by 25% to 40%

*13 Nov 2018*

Turkey's Ministry of Industry and Technology has announced a support package for industrialists, intended to reduce industrial property application and registration fees for SMEs, industrialists and citizens. Accordingly, the official fees for assignment, opposition, appeal, application and registration processes regarding trademarks, patents, utility models and designs have been reduced by between 25% and 40%.

The Amendment Communiqué on the Turkish Patent and Trademark Office's 2018 Fee Tariff was published in duplicated Official Gazette number 30526 on 5 September 2018.
